

- ❖ While every effort has been made to identify all allergens on these menus we cannot guarantee with certainty that trace elements do not exist. This is due to the fact that our kitchen has recorded the use of 13 of the 14 stated allergens.
- ❖ If your allergen has been diagnosed as severe or fatal we would ask you consult a member of staff and identify your specific needs.
- ❖ While some dishes contain certain stated allergens it is also possible that these products cannot be detected visually or by smell or taste.
- ❖ All allergens have been stated in Bold and Red on these menus for clear identification. We strongly recommend you read this menu with careful consideration should you have a diagnosed allergy.
- ❖ Certain specialist products we use may have come from production units which use other noted allergens. Therefore if you have been advised to refrain from the consumption of these products due to their production nature or methods we recommend you do likewise when considering your options on these menus.
- ❖ Should you have any queries questions or comments please communicate these to a member of our staff and we will make every effort to accommodate your needs.

Finally, allergies are serious and can be life threatening.

This menu along with current legislation is designed for individuals with diagnosed food allergies. It should never be used as a guide by those who are intolerant to certain food stuffs or undergoing certain diet plans.

Allergens Table

Gluten	=	1	Molluscs	=	8
